NEWS from the CHAPTER DIRECTOR

Good day all,

Last weekend Larry and I attended chapter B's meeting, it was a good time. Larry was even treated to a ride in the all new 2024 Toyota Tacoma.

As I write this my friend Dan and I are cruising down to Daytona for bike week, so far we've made South Carolina. It was a cold rainy start, but cleared up further south.

This is his recovery trip, as we almost lost him this year. When he asked if I wanted to go to bike week, I happily agreed. If it wasn't for Dan, I wouldn't be riding motorcycles. Dan is noted for pushing me out of my comfort zone and today was nothing different, I experienced Bucees for the first time. Way too many people, so I grabbed a

coffee and headed back out to the bikes while he shopped for beaver gear.

I'll have more to report about bike week at our meeting next week.

Have a good month, Aa-Ron

MEAL & DESSERT IDEAS:

2-INGREDIENT WEIGHT WATCHERS PINEAPPLE ANGEL FOOD CAKE

INGREDIENTS

- 1 box (1-step) angel food cake mix (I used Betty Crocker)
- 1 large can (about 20 ounces) crushed pineapple, undrained

INSTRUCTIONS

- Preheat oven to 350F degrees.
- In a large bowl, stir together the dry cake and the entire can of crushed pineapple with its juice. Stir well until all the dry mix is incorporated. (The mixture will get really foamy.)
- Pour the batter into a 9x13 pan which has been lightly greased with nonstick cooking spray.
- Bake at 350F degrees for time specified on the box for size pan. When the sides pull away from pan and toothpick inserted in the center comes out clean, the cake is done. This should take somewhere between 30 and 40 minutes.
- Remove from the oven and place on a wire rack to cool.

What is the true first day of spring? March 20

It happens every March 20 or 21 (or March 19 if it's a leap year like 2024 and you are in the Eastern Time Zone or farther west). Cue the sunshine, birds, bees, and early spring flowers in the Northern Hemisphere. The spring equinox has arrived marking the first day of spring. (Google search)

Why do seagulls fly over the sea?

Because if they flew over a bay, they would be bagels!
