NEWS from the CHAPTER DIRECTOR

Well, it's Halloween, did anyone dress up and go trick or treating? How about the parades, there were plenty of them. When I lived in Dallastown the parade went right past my house. I just walk out the door and sat on the porch. My bike riding has been very limited with the weather. I did get a ride in last week with Matt Herman. Matt had an appointment in Owings Mill, MD. So I met him at his house around 8:30. It was a little chilly with temps in the upper 40's when we started. I just put on a couple of extra layers and was comfortable. After his appointment we rode up thru Hampstead and stopped at the Greenmount Station restaurant for lunch. After that we just rode around and ended up over my way where Matt split off and headed home. It did get into the upper 50's, so it was a nice day to ride.

I want to thank Shirley and Mike for working with Utz Terrace to get the menu worked out for our Christmas party. It wasn't easy was it Shirley? We even had to change the date to the 21st.

At last month's meeting I mentioned it's soon time for some meet 'n eats. If you have any ideas let Woody know and he'll get it on the calendar. Let's get one for January. For our next newsletter it would be nice to see some of your Thanksgiving stories, this year's or even one in the past if it was special for you.

I won't be at the meeting this month so I want to wish everyone a Happy Thanksgiving and I'll see you at the Christmas party.

WANTED

I am doing an experiment and am going to try sowing flower seeds in containers over the winter, but I need containers. Specifically I am looking for see thru containers such as gallon milk/water/tea jugs. Also see thru 2 liter bottles would be great. Juice jugs are okay if they don't have indentations in the body of the bottle. Thank you in advance and wish me success!!

Eagle Wings Region G Dispatch Volume 2 Issue 11

Hello Region G FRIENDS!

This month's Region G Dispatch has the list of Holiday parties that are happening so please check out the pages. IF you have a group gathering and I haven't listed it, PLEASE send me the information for December's Dispatch. Include the contact information you want to "publish". It is wonderful seeing so many of our members gathering together! Sharing our gathering together just beams with FUN. Why would we gather to not have FUN (right?).

NEW EWMA President announced in the Dispatch.

2026 Ride requests - I'm (actually members in my chapter ARE) looking for some of those special destinations - Chapter PA-A is planning a ride up to Nova Scotia in August. The group is going to be traveling up the eastern states. Sharing a destination along their travels would be so wonderful - I've "run into" some of the most fantastic restaurants and sights that I KNOW our members have shared in their areas. HEY, Maryland has a *secret* eatery in Whitehall MD that Inge and I found traveling back from a MD-B gathering! I know it WAS a secret because PA-V Black Rose Wings KNEW about it - Larry and Mike, you sly foxes hiding that wonderful place and MD-B you scoundrels LOL. SEE, I know there are more of these wonderful places that aren't listed in the e-magazines and rider websites. In PA-A's adventures we have found Amos' Place in Intercourse, PA - if you're in the area try that gem out!

Check out the future Dispatches for these ride ins AND check out the EWMA website for more events through out the association. Don't forget to check out the On The Fly - you have to log into the website to read it. If you have ANY issue with logging in, CALL ME or email me.

Well, I better get this out or it will be DECEMBER! THANK YOU being a member, THANK YOU for renewing, THANK YOU for registering, and THANK YOU FOR THE FUN being a member of EWMA has provided me (and Inge) THIS YEAR! The members we've met are AWESOME!

THANK YOU to those who have already registered for Rendezvous #4 Sharonville Ohio - WE LOOK SO FORWARD TO SEEING YOU THERE!

Fall Riding Safety Tips

With the leaves starting to fall they can accumulate on the roads and hide potholes and if they are wet they are very slick. Also this time of year the sun is lower and you will get more sun glare. Wind is another problem, in the fall we see and feel more wind gusts so look ahead and see what the trees and bushes are doing and adjust your speed. Also check the weather and dress for it. And as always make yourself and bike visible to others.

A cold winter day in
Minnesota. A woman
called her husband.

Wife: "The car is not
starting. Dashboard
shows the sign of a
person sitting on toilet."
Husband: "What...??
Send me a picture."
